- SEALCOATING SQUEEGEES -

- AS-624 ALUMINUM SQUEEGEE – All Extruded, ¼” x 3” x 24”,
Adjustable Soft Neoprene Blade w/ a 1-1/4” x 6’ Long Handle.....\$ 62.25
- AS-636 ALUMINUM SQUEEGEE – All Extruded, ¼” x 3” x 36”
Adjustable Soft Neoprene Blade w/ a 1-1/4” x 6’ Long Handle.....\$ 68.50
- AS-648 ALUMINUM SQUEEGEE – All Extruded, ¼” x 3” x 48”
Adjustable Soft Neoprene Blade w/ a 1-1/4” x 6’ Long Handle.....\$ 80.25

AS-SQUEEGEE is the ultimate in the evolution of contractor grade sealcoat squeegees.

ADJUSTABLE SLOTS in rubber provides a choice in soft or hard action when applying.

RADIUS EDGE eliminates brake-in period for rubber and provides a mark-free finish to surface.

- PL-24 PARKING LOT SQUEEGEE – Economical ¼” x 3” x 24” Wide
Neoprene Blade w/ a 5’ Long Wide Handle.....\$ 37.50
- PL-30 PARKING LOT SQUEEGEE – Economical ¼” x 3” x 30” Wide
Neoprene Blade w/ a 5’ Long Wide Handle.....\$ 42.50
- PL-36 PARKING LOT SQUEEGEE – Economical ¼” x 3” x 36” Wide
Neoprene Blade w/ a 5’ Long Wide Handle.....\$ 47.50

PL-SERIES ALUMINUM SQUEEGEES are extremely durable, but economically priced.

Heavy Duty Construction Grade Chalk Line Reel

The giant self-chalking chalk reel is built for tough construction jobs. The giant is made for the professional tradesman. Uses include: all layout work for parking lot striping, road building, cement construction, roofing repair and new construction, fence building and trade show layout to name a few. The line is 130 feet long so it will handle bigger jobs better than a conventional pocket type chalk line. The line or cord is a poly/cotton blend which absorbs more chalk to make a better line. More chalk capacity. Fill it once and you are good for a day or more because the giant will hold more than a pound of chalk. No more frequent trips back to the truck for a refill. The shovel style handle and large rewind crank make this tool comfortable to use. The line rewinds faster because of a larger internal line spool.
